FLIGHT CLUB

Story

From the beginning, Flight Club was more than just darts. It was about bringing people together—to celebrate, challenge each other, and create joy and memorable moments.

Our British founders knew that to build something truly special, it had to be made with guests and for guests. For years, they worked hand-in-hand with both patrons and experts, listening, testing, and refining every detail of the Social Darts® experience. This dedication evolved a simple idea into a global phenomenon—from the first Flight Club in Shoreditch, London in 2015, to all four corners of the US, across the UK, Australia and Ireland.

Now, Flight Club lands in Union Square, a storied crossroads of culture and connection. Built in 1903 as the headquarters of the Bank of the Metropolis, 31 Union Square West has evolved from a grand banking hall to iconic dining destinations, including the celebrated Blue Water Grill.

Today, this historic landmark begins its next chapter as New York's home for Social Darts®. Blending locally inspired design, handcrafted cocktails, chef-driven sharing dishes, and a playful twist on a classic pastime, Flight Club redefines what makes a New York night both unforgettable and unexpected.
